

Where to get office license activated? It shows you unlicensed product message

The office program shows an **unlicensed product** message on it if the product is not activated. The program requires an official license key for activation. Here you can find some more issues.

Unlicensed Product and activation errors in Office 2021/2019

- Firstly, sign in to **Microsoft 365 or Office 2021/2019** with the right account. If Office asks you to sign in, enter the account you used to buy Office.
- Secondly, check for multiple copies of Office.
- After that, check your subscription status.
- Finally, troubleshoot activation.

Here are the Issues of Microsoft 365 or Office 2021/2019 License:

Word Unlicensed Product:

Firstly, If the product key is used in more than allowed devices, it will show you unlicensed in the other devices. Unlicensed software cannot be used.

Secondly, you cannot edit the word files and save them. The unlicensed **error message** also appears if the payment is overdue for subscription-based products.

Can outlook show Unlicensed Product Error ?

Yes if you see an unlicensed message in any app related to the Microsoft Office suite, then the other apps also show this message. office products are not official and require a key to activate. Unlicensed issues lead to the failure of a license of a certain application.

For instance, the product key expiry or the subscription validity expiry are the main reasons to see the **unlicensed issues**.

In Conclusion, All you need to have is a product key. Start a **Chat** with the agents to get Fast support.
